Please note any special dietary needs:

Please note any special medical needs:

Please remember to divide your students into both **cabin groups** and **field groups**. For cabin groups, there are 12 student beds and one chaperone bed in each cabin. For field groups, contact us at blueridge@windstream.net to find out how many field groups you will need. It is helpful if students know their field group name (owls, salamanders, etc., be creative!) BEFORE our program starts. If there are special circumstances, I will be happy to discuss them with you.

Remember to bring **rain gear**, shoes that can get wet, and a layer of warm clothing. Our weather here is much like Atlanta, except the mornings and evenings are a bit cooler. A reusable, refillable **water bottle** is also a necessity.

As soon as I receive this information I will create a schedule for your visit and send it to you for your approval. If you have any questions, please feel free to call me anytime. We look forward to seeing you in the mountains!

Thanks,

Matt Wagner
